DBC Information. The Developmental Behaviour Checklist, (DBC), (Einfeld & Tonge, 1992, 1995; 2002) is a questionnaire which is completed by parents or other primary carers or teachers, reporting problems over a six month period. The DBC shares the structure of the Child Behaviour Checklist (Achenbach & Edelbrock, 1983), that is, each behavioural description is scored on a 0, 1, 2 rating where 0 = 'not true as far as you know', 1 = 'somewhat or sometimes true', and 2 = 'very true or ...

About DBC - Centre for Developmental Psychiatry and Psychology

The Developmental Behaviour Checklist (DBC 18) was selected as the preferred instrument for the study. Parents rated it positively in terms of acceptability, ease of use, clarity of questions, scoring, and range of questions, and there are parallel parent and teacher versions that allow assessment of problems across settings.
