Notes: All piloted valves have a 1/4" compression fitting. All the VR valves come set for natural gas, but can be converted to LP gas. The VS820A1054 is for natural gas. The VS820A1336 is for LP gas. All the VR valves have inlet and outlet pressure taps. The VS820 valves have just an outlet pressure tap. Minivolt Gas Valve Trade Replacements

Gas Valve Cross Reference - Controls Central

controls and the recommended Honeywell cross reference. To find your recommended cross reference simply turn to the appropriate product section, locate your product manufacturer and their part number and follow the row to the Honeywell part number.
