Johnson + Starley - FREE BOILER MANUALS

Johnson & Starley's latest and fully compliant, condensing warm air heaters offer a host of energy saving features and intelligent electronic controls and are available with or without domestic hot water. With typical fuel savings of up to 28% and increased thermal efficiencies of up to 25% the benefits of a WarmCair heater over any non-condensing warm air heater are outstanding. The WarmCair ...

Warm air heating | Johnson & Starley

With a gas water heater, you are not paying for your geyser to be kept hot all the time as the gas geyser works with a pulse igniter that ignites the instant you open your hot water tap. Similarly the second you close the hot water tap your gas water heater stops, giving you hot water on demand. This is the most efficient method of hot water systems. \*\*\*Please note that all appliances must be ...

Johnson & Starley Boiler Spares | Direct Heating Spares

The manual switch in the programme dial must always be set in the middle position (clock programme). At setting 0 the water heater is switched off. The burner will only ignite on the basis of heat demand from the frost protection. When the control thermostat calls for heat, the water heater checks all controls are in the off position.
