Duffy gives an excellently detailed analysis of siege warfare across many nations and time periods. He provides illustrations and maps which help to provide the reader with an idea of how sieges unfolded. Unfortunately, for myself at least, Duffy's writing style jumps from one conflict to another without giving context to the greater struggle.

Amazon.co.uk: Siege Warfare Duffy
One of the books that suffered excessive borrowing from my local library in the mid-70s was Christopher Duffy's Fire & Stone: The Science of Fortress Warfare 1660-1860. Although fascinating in its own right, one of the major attractions was Appendix 3: 5 pages of simple rules for conducting a siege, accompanied by photographs of a siege wargame conducted by the Kriegspiel Society of RMA Sandhurst.

Vintage Wargaming: Siege Warfare - Christopher Duffy's ...
Duffy's special interest is the military history of the European modern age, in particular the history of the German, Prussian, and Austrian armed forces. He has written two books on the Jacobite Rising in Scotland in 1745. He is most famous for his writings about Frederick the Great and the Seven Years' War. Duffy is fluent in six languages and has published some twenty books about military history topics, several of which have been translated into German.
