The Limits of International Law. The Limits of International Law. By Jack L. Goldsmith and Eric A. Posner. 272 pp, Oxford University Press, 2005. Purchase. Scholars have long debated why and when states comply with international law; one widely held view is that states do so out of a sense of moral obligation or a desire for legitimacy.

~~The Limits Of International Law [PDF, EPUB, EBOOK]~~

International law is of extremely limited utility in situations like Rwanda, Kosovo, and Syria, and its limits underlie its own weakness. Second, if one is dissatisfied with the current international law rules, how could such rules be altered, to provide a better response in situations like Syria, of internal humanitarian crises and Security Council deadlock?

~~Syria and the Limits of International Law | IntLawGrrls~~

This tells us something about the limits of international law, and, as Erik Voeten rightly points out, it should give us reason to worry if a legal system allows powerful actors to ignore it so openly. But for international law, this is nothing new. When it comes to the use of force, some states have always been more equal than others.

~~Crimea and the Limits of International Law — EJIL: Talk!~~

International law, also known as public international law and law of nations, is the set of rules, norms, and standards generally accepted in relations between nations. It establishes normative guidelines and a common conceptual framework to guide states across a broad range of domains, including war, diplomacy, trade, and human rights.

The limits of international law The case shows the limits of turning to international courts to resolve disputes between states. On one hand, the ICJ provided an avenue for Mauritius to seek...

~~Chagos Islands: UK refusal to return archipelago to ...~~

The Kosovo campaign pushed at the boundaries of international law in at least two important respects. First, NATO's decision to engage in large-scale military action without prior Security Council authorization raised significant doubts about the status of the law governing the use of force and the viability of United Nations ("U.N.") primacy in matters of international peace and security.

~~"Kosovo and the Limits of International Law" by David Wippman~~

If international law is to provide medical units with the protections they actually need, two intricately tied issues must be addressed: (i) the threshold position of medical units must be acknowledged and the conflation between liminality and criminality must be rejected and (ii) the wording of the law must be modified to insist that the prohibition of attacking medical units is established under customary international law (that is, *jus cogens*) and that no derogation is permitted.

~~The Limits of International Law by Jack L. Goldsmith~~

As implied by the title, the authors argue that the moral and practical effectiveness of International Law (IL) is often exaggerated and excessively informed by narrow, legalistic views that inadequately consider state interests and power relationships, or the realities of International Relations (IR). In the first two parts of "The Limits of International Law", the authors largely rely on case studies to illustrate how state adherence or otherwise to Customary International Law (CIL, or, in ...
